

Instructions for completing the door mosquito net order form.

The form should be filled out in the following way:

In the field marked **Order number / Company**, enter the name of your company and the consecutive order number for the current year, e.g., MOSKITO 2/2014.

In the **Quantity** column, specify how many pieces of a given dimension are to be manufactured..

In the field marked **RAL colour of mosquito net**, enter the desired frame color, e.g., white, chocolate, walnut, or RAL designations such as 9016, 8017, 8028, etc. If the door frame color is to have a wood grain structure, add the suffix **STR**, e.g., 8003 STR, 8028 STR, or write Nut brown STR, Golden Oak STR, Mahogany STR, or Winchester STR.

In the **Width mm** and **High mm** fields, enter the door frame dimensions in millimeters, e.g., Width: 980, High: 2198. If the provided dimension is the interior dimension, this information must be placed in the **COMMENTS** column.

In the field marked **COMMENTS**, you can include additional information, such as requirements for an additional sealing brush, a movable crossbar, the use of a mortise magnet or an additional external magnet, and handles.

In the field marked **Mesh colour**, enter one of the following options depending on the required mesh. Grey mesh: enter **GRY**, Black mesh: enter **BLCK**, Aluminum mesh: enter **ALU**, Steel mesh: enter **STL**

In the **Height of crossbar to axis** field, provide the height of the crossbar if it is to be installed in the door. Provide the height from the bottom to the axis of the crossbar. If the measurement was taken from the top, add a note, e.g., "1340 from the top".

In field **Opening direction from the outside**, specify which side the hinges should be on the door mosquito net when looking from the terrace or balcony: **LEFT** or **RIGHT**.

**The file should be saved as an Excel file and sent to
produkcia@moskitosystem.com.pl**
